Regional Refresher Course - ASI

Dear Colleagues and Postgraduate students,

The Association of Surgeons of India is taking earnest effort to bring the advancing knowledge in the field of surgery to its members and postgraduate students. The regional refresher courses are designed in a fashion which will be most useful to all the people in surgery regardless of their experience.

All the Postgraduates attending the meeting will have an exposure to Surgical teachers with experience through clinical case discussions and the questions and answers discussed during the presentation by the senior examiners will certainly help them facing the examinations in a better way.

The Organising Committee is extending a warm welcome to all of you for this academic extravaganza.
