## 41<sup>st</sup> Annual Conference, Kochi

Dear Friends,

We the organising committee of KASICON 2018 and Cochin Surgical Society are extremely happy to invite you all for the 41st Annual Conference of Association of Surgeons of India, Kerala Chapter to be held in Kochi from 4th to 6th May 2018.

The metro city of Kerala offers immense opportunities for both academic experience as well as fun and frolic. This year the format of the conference is experiencing a change. We have a problem oriented video workshop, which will deal with simple as well as complicated procedures. Intra-operative complications and their management would be highlighted by eminent surgeons in the respective field from across the country.

The two day scientific conference will touch upon all the important topics in general surgery including trauma and essential aspects of critical care.

And of course, you can expect a colourful cultural extravaganza on the banquet.

We welcome you all to Kochi and request your active participation in the conference to make it a great success.
